Description

Discover the medieval Coira Castle and the wonderfully picturesque town of Glorenza

Leaving from the Glieshof, pedal towards the town of Mazia as far as the Mühlhof farms. Go past the courtyard of Mazia Castle and go towards the Lochhof farm, passing Coira Castle - symbol of Sluderno -, along the road which was once travelled by wagons. Continue toward the medieval town of Glorenza and, pedalling along the cycle path, you reach Malles. From here a path in the woods leads to the panoramic platform at the foot of Piz Lun. Therefore, follow the wide expanses going towards Monte Sole above Monteschino, towards the Gonda farm. Finally, you reach the village of Mazia and pedalling down to the valley bottom you return to the Glieshof.
