Description

Gorgeous landscapes and refreshing forests

From the train station of Malles, cross the town centre - characterised by the splendid roman houses - , until reaching the northern border in the direction of Piani di Malettes. Follow the path no. 64 which takes you to a military dirt road and slightly climbs until reaching the Piani di Malettes (1606m a.s.l.) which opens up to a magnificent landscape over the alpine world of the Ortles Group and over the majestic mountain GranZebrù. On the sunnier side follow towards Monteschino and reach the Rainalter inn, for a delicious snack. Finally, follow the Via di Mazia to return to the point of departure.
